Spreading Out.

Yates & Shearman are going to fill their big store room with dry goods, notions, etc. The wedge room on the north will be remodeled and will be used as their grocery department. When they get fitted up in this way they will have one of the best Dry Goods and Grocery stores in Northeast Missouri. This shows their business is growing as it should be because they are enterprising, honorable business men.

S. T. Pollard has succeeded O. R. Emerson in the Gem Theatre Co. Mr. Pollard is well and favorably known all over Monroe and Shelby counties as an honorable and first class business man. He at one time edited the Stoutsville Banner and was owner and manager of Banner Telephone system of Stoutsville and is a brother-in-law to our cigar man, Adolphus Maddox. Mr. Pollard entered upon his duties Monday in a business like manner and with the assistance of a man like this the Gem ought to and will do a successful business as it has heretofore. Mr. Emerson has more business besides this than one man can successfully manage, is why he sold his interest in the Gem, not that he had to or that it did not pay. The Company re-organized with R. A. Kirby as General Manager; A. S. Burch as Service Manager; S. T. Pollard as Secretary and Treasurer. These men expect to devote most of their time to the motion picture business and you will note some important changes in the running of same. Attend tonight and get a coupon with each 10 cent ticket, hold same during each night this week and on Saturday night you stand equal show with all the rest to draw a handsome mahogany rocker, no cheap chair, but one of Hamilton's best chairs. Attend tonight you will not only get your moneys worth in pictures but a chance on this nice chair free of cost. Party who draws this chair must be present at some one of the shows on Friday night, Nov. 18th.

The Rev. H. C. Goodman has resigned the Parish of St. Judes Church and accepted the charge of Emmanuel Church, Champaign, Ill., and will remove from the city this week but will return at the latter part of the month to officiate at the nuptials of Miss Marguerite McClintic to Carroll S. Jackson.

James Shivers and Arthur Clark both colored, quarreled Tuesday. Shivers cut Clark's throat almost from ear to ear but not very deep. Shivers was given a preliminary hearing yesterday morning and bound over to the Circuit court. He is now boarding with Sheriff Nolen.

Al Vaughn, of Hunnewell was a Monroe visitor Tuesday.

New Safe.

The Farmers & Merchant's Bank has just installed a new Harrigan safe which is without a doubt both fire and burglar proof. The body of the safe is one piece and the door is one piece with the lugs interlocking, so when the safe is locked there is no connection with the inside. Hundreds of gallons of Nitro-glycerine have been used testing this safe and it has had no effect on the body of the safe.

After blowing off the outer mechanism the burglar would find himself no closer the money than when he started. This safe is absolutely burglar proof as no burglar has ever fazed this safe or got into it any further than breaking off the hinges with nitro-glycerine which gets him no closer to the money than when he started. The safe is a beauty.

Tewell Dowell

At 10 a. m. yesterday occurred the marriage of Miss Dee Dowell and Loren Tewell at the residence of Sev. Fr. Cooney at Indian Creek who officiated.

Both parties are well known in Monroe, as they have for several years, lived near here. The Democrat and friends of this City wish them a happy married life.

Dr. Sprinkle made a professional trip to Madison Monday.

Farmer's Institute.

Arrangements are being made to hold a Farmer's Institute at Monroe and Holliday Dec. 7 and 8 and at Paris and Madison Dec. 9 and 10. Should these meetings be held they should be attended by every farmer who can possibly attend as the meetings will mean much for agriculture.

Such men as Jordon the Corn man; Curtis Hill on Roads; Prof. Eckles on Dairying and Trowbridge on Live Stock, and if the ladies desire there will be talks on Home Economics by Miss Bailey.

A corn show will also be held in connection with these meetings at one or all places. Arrange to attend.

Fire.

Fire was discovered in the Boulware Shoe Store building Monday morning. When discovered the fire was making good headway and the wind was quite strong so that it was necessary that the fire be extinguished quickly. A chemical fire extinguisher and the fire department soon did the work but not until it had made a new roof necessary for the Boulware building.

The fire originated in a dead flue with a flue hole in the wall. The loss was about \$600.

W. L. Ely, the adjuster was here, adjusted the loss and gave a check for the money the same afternoon. This certainly is prompt enough payment.

Waylaid and Robbed.

Between the hours of 5:30 and 6 o'clock as James E. Christian was on his way home from his restaurant and when in the vicinity of the fair grounds, two men, strangers, waylaid and robbed him. They got two dollars. He was hit across the forehead with a club. Two suspects are being held. It is to be hoped the guilty parties will be brought to justice.

Odd Fellows.

About thirty Monroe Odd Fellows went to Madison yesterday to attend the Monroe County Odd Fellows Reunion. An excellent program of speaking, music and degree work had been arranged for the occasion.

RICHARD A. KIRBY,
City Collector.

This distinction is furnished by a Syracuse, N. Y., paper: "Missouri's population is 3,233,333, which is considerably less than that of New York City. Missouri gives us each year 13 million bushels of oats, 200 million bushels of corn, 22 million bushels of wheat, 4 million tons of hay, 2 million pounds of mutton, 4 million tons of coal, 300 many miles to count, more apples than New York can eat, more and slaughters more live stock than the proud metropolis can pay for, and gives us other 'eats' too numerous and diversified to tabulate here. To offset all that, New York gives us shoddy clothes, Hurst-Roosevelt politics, Wall street, the Great White Way and some very tough plays."
Macon Times-Democrat.

Monday being John Umstadd's 44th birthday, the Sunday School Class of his wife and his S. S. Class arranged a surprise party for him. About twenty-five attended and a pleasant evening was spent. The visitors presented Mr. Umstadd a fine oak rocker as a remembrance.

Doc Jordon the faithful dray man desires his friends to know that he is now day man at Gones & McAllisters barn and driver of their bus. He will be pleased to call for passengers for either depot. He has done faithful work.
